

Meredith Third Quarter Earnings Per Share Up 15 Percent

Core earnings per share grow 10 percent

PRNewswire-FirstCall
DES MOINES, Iowa
(NYSE:MDP)

DES MOINES, Iowa, April 25 /PRNewswire-FirstCall/ -- Meredith Corporation (NYSE: MDP), one of America's leading media and marketing companies, today announced third quarter fiscal 2007 results. Earnings per share grew 15 percent to \$0.92, and net earnings increased to \$45 million. Total revenues increased 4 percent to \$410 million, including 7 percent growth in advertising revenues.

Core earnings per share for the third quarter grew 10 percent to \$0.88 from \$0.80, and core earnings grew to \$44 million from \$41 million. Core earnings for fiscal 2007 exclude a one-time tax benefit partially offset by restructuring charges. These are described in a press release issued on March 27, 2007, and in the attached Table 1 which reconciles core earnings to net earnings. For fiscal 2006, net and core earnings are the same.

"The highlights for the quarter were the very strong advertising performance of our Publishing Group properties and the outstanding growth in online revenues across the company," said Stephen M. Lacy, Meredith's President and Chief Executive Officer. "Our ongoing efforts to aggressively build our online presence and capabilities enabled us to double online revenues compared to the prior year quarter. Going forward, we will further expand these initiatives to serve increasing consumer demand for content delivered across multiple media platforms."

For the nine months, earnings per share grew 19 percent to \$2.26, and net earnings increased to \$111 million. Core earnings per share grew 17 percent to \$2.22 from \$1.90 a year ago, and core earnings increased to \$109 million from \$96 million a year ago. In the second quarter, the Company reported a \$0.04 per share charge related to a bankruptcy of a book distributor, which is included in core earnings per share. (See Table 1 for a reconciliation of core earnings to net earnings.) Total revenues increased 3 percent to \$1.2 billion, and advertising revenues increased 7 percent to \$740 million.

OPERATING HIGHLIGHTS

Publishing Results

Publishing operating profit increased to \$64 million in the third quarter of fiscal 2007, up from \$61 million in the prior year quarter. Revenues increased to \$330 million, up from \$319 million in the prior year quarter.

Publishing advertising revenues grew 7 percent, including a mid-single digit increase in magazine advertising revenue. Better Homes and Gardens, More, Family Circle and Meredith's Special Interest Publications all delivered solid growth in advertising revenues and net advertising revenue per page in the quarter.

"The creative and sales enhancements made at Better Homes and Gardens are resonating with consumers and marketers alike," Lacy said. "Family Circle and More continued the success they have enjoyed all fiscal year, with advertising revenues up more than 25 percent at each title in the quarter. Additionally, our special interest publications reported solid advertising revenue growth, up in the high-single digits for the quarter."

Meredith's women's service titles increased share in the quarter with 11 percent growth in advertising pages compared to a 5 percent increase for the women's service field category as a whole, according to the latest data from the Publishers Information Bureau.

Meredith's magazine-branded web sites posted excellent growth in the quarter as well. Advertising revenues were up more than 50 percent. Traffic increased significantly with unique visitors and page views both up more than 10 percent. Online subscription orders also increased. Meredith secured more than 2 million online subscriptions through the first nine months of fiscal 2007, already surpassing total orders for all of fiscal 2006.

On March 29, Meredith unveiled a new Web 2.0 enhanced version of its highly popular Better Homes and Gardens web site (<http://www.bhg.com/>). The redesigned portal features a host of new, highly interactive experiences - such as blogs, desktop widgets and wikis - and community sharing applications.

For the first nine months of fiscal 2007, Publishing operating profit was \$146 million, flat compared to the prior-year period. Total Publishing revenues were up slightly to \$944 million. Advertising revenues increased 2 percent to \$476 million.

Broadcasting Results

Broadcasting operating profit was \$20 million in the third quarter of fiscal 2007, up slightly from the year-ago period. Earnings before interest, taxes, depreciation and amortization (EBITDA) were \$27 million, up 2 percent over the prior-year period. Revenues increased 5 percent to \$79 million, with both local and national advertising revenues increasing. During the quarter, Meredith Broadcasting invested a total of more than \$1.7 million in news expansions, online enhancements and video initiatives.

Looking at the February 2007 rating book, Meredith Broadcasting continued to enhance its news position with the important adults ages 25-54 demographic:

- Five stations -- Atlanta, Portland, Kansas City, Greenville and Las Vegas - posted gains for late newscasts, with Kansas City up 46 percent, Atlanta up 29 percent and Greenville up 26 percent;
- Four stations -- Phoenix, Portland, Hartford and Las Vegas - posted gains for morning newscasts, with Las Vegas up 85 percent and Phoenix up 50 percent; and
- Six stations - Atlanta, Phoenix, Portland, Kansas City, Greenville and Las Vegas - increased sign-on to sign-off ratings, with Atlanta and Kansas City both up more than 30 percent.

"The results of the February book reflect growth in our local station brands and news programming, which are the keys to attaining higher ratings, increasing market share and generating more revenues," said Lacy. "This combination of strong local brand franchises and solid execution of our news content strategies is reflected in the growth we are experiencing in both late and morning news at many of our stations."

For the first nine months of fiscal 2007, Broadcasting operating profit grew 33 percent to \$79 million. EBITDA was up 26 percent to \$97 million, while EBITDA margin was 36.3 percent compared to 33.3 percent in the prior- year period. (See Table 2 for a reconciliation.) Revenues increased 15 percent to \$267 million. Meredith generated a record \$33 million in net political advertising revenues through the first nine months of fiscal 2007.

Broadband Initiative

Concurrent with the relaunch of BHG.com, Meredith introduced its first- ever broadband network - Better.tv. It features more than 20 channels of original video content and programming on subjects such as cooking, decorating and health. The network draws on the assets of Meredith's extensive portfolio of magazines, television stations, books, special interest publications, websites and live events.

Better.tv's original programming is created in New York, Des Moines, and Portland, OR, by Meredith Video Solutions, the Company's in-house production unit. Programs and videos featured on Better.tv range in length from 2 to 30 minutes. Meredith is monetizing Better.tv through advertising revenues from video commercials, sponsorships, banner advertisements and product integration.

"Better.tv is an excellent example of how we are combining the brands and content of our Publishing Group with the production capabilities and expertise of our Broadcasting Group," Lacy said. "We will continue to be very active in the online and broadband space. In early fiscal 2008, we will launch a new parenthood portal under the Parents.com brand and also unveil a new multi- platform broadband

channel, ParentsTV."

OTHER FINANCIAL INFORMATION

Net interest expense decreased to \$6 million in the third quarter of fiscal 2007 from \$7 million in the prior-year period. The Company has retired \$65 million of debt in the first three quarters of fiscal 2007.

Unallocated corporate expenses were lower in the quarter due primarily to timing issues. Meredith expects unallocated corporate expenses to approximate \$35 million for the full fiscal year.

For the nine months of fiscal 2007, capital expenditures were \$29 million, up \$8 million compared to the year-ago period, primarily due to the new station facility in Hartford.

Meredith increased free cash flow 14 percent to \$125 million in the first nine months of fiscal 2007, compared to \$110 million for the year-ago period. The Company defines free cash flow as net earnings, plus depreciation, amortization and non-cash special items, less capital expenditures. (Refer to Table 2 for a reconciliation.)

Meredith repurchased approximately 950,000 shares in the first nine months of fiscal 2007 as part of its ongoing share repurchase program. In the prior year period, the Company repurchased approximately 920,000 shares.

All earnings per share figures in the text of this release are diluted. Both basic and diluted earnings per share can be found in the attached statement of earnings.

OUTLOOK

At this time, Meredith expects to grow earnings per share approximately 14 percent to \$3.26 in fiscal 2007, consistent with guidance provided throughout the fiscal year. Fourth quarter earnings per share from continuing operations are expected to approximate \$1.04.

Publishing advertising revenues for the fourth fiscal quarter are currently up in the low single-digits led by Better Homes and Gardens, Family Circle and More partially offset by continued weakness at Meredith's parenthood titles. Broadcast pacings, which are a snapshot in time and change frequently, are currently running down in the mid to high single-digits.

A number of uncertainties remain that may affect our outlook as stated in this press release for results in the fourth fiscal quarter. These include overall advertising volatility, the performance of the Company's retail businesses, paper prices, and postal rates. These and other uncertainties are referenced below under "Safe Harbor" and in certain of the Company's SEC filings.

Meredith plans to provide fiscal 2008 guidance concurrent with its presentation at the Mid-Year Media Review in June 2007.

CONFERENCE CALL WEBCAST

Meredith will host a conference call on April 25, 2007, at 11:00 a.m. ET (10:00 a.m. CT) to discuss fiscal third quarter results. A live webcast will be accessible to the public on the Company's website <http://www.meredith.com/>, and a replay will be available for one week after the conference call. A transcript of the conference call will be available within 48 hours following the conference call on the <http://www.meredith.com/>, and will be available for at least 12 months following the conference call.

RATIONALE FOR USE AND ACCESS TO NON-GAAP MEASURES

Management uses and presents GAAP and non-GAAP results to evaluate and communicate the performance of the Company. Non-GAAP measures should not be construed as alternatives to GAAP measures. EBITDA and free cash flow are common supplemental measures of performance used by investors and financial analysts. Management believes that EBITDA and free cash flow provide additional analytical tools to clarify the Company's results from core operations and delineate underlying trends. Meredith does not use EBITDA or free cash flow as a measure of liquidity or funds available for management's discretionary use because they include certain contractual and non-discretionary expenditures.

Core earnings and core earnings per share are supplemental non-GAAP financial measures that exclude one-time items that are not expected to recur and are not reflective of the Company's core business activities. While core earnings and core earnings per share are not a substitute for reported

earnings results under GAAP, Management believes this information is useful as an aid in better understanding the Company's current performance, performance trends, and financial condition.

Reconciliations of non-GAAP to GAAP measures are included in Table 1 and Table 2. The attached financial statements and reconciliation tables will be made available on the Company's web site (<http://www.meredith.com/investors/index.html>). Please click on "GAAP-Non-GAAP Reconciliation" in the navigation bar on the left side of the page.

SAFE HARBOR

This release contains certain forward-looking statements that are subject to risks and uncertainties. These statements are based on management's current knowledge and estimates of factors affecting the Company's operations. Statements in this announcement that are forward-looking include, but are not limited to, the statements regarding broadcast pacings, and publishing advertising revenues, along with the Company's earnings per share outlook for the fourth quarter of fiscal 2007 and the full fiscal year.

Actual results may differ materially from those currently anticipated. Factors that could adversely affect future results include, but are not limited to, downturns in national and/or local economies; a softening of the domestic advertising market; world, national, or local events that could disrupt broadcast television; increased consolidation among major advertisers or other events depressing the level of advertising spending; the unexpected loss or insolvency of one or more major clients; the integration of acquired businesses; changes in consumer reading, purchasing, and/or television viewing patterns; increases in paper, postage, printing or syndicated programming costs; changes in television network affiliation agreements; technological developments affecting products or methods of distribution; changes in government regulations affecting the Company's industries; unexpected changes in interest rates; and the consequence of acquisitions and/or dispositions. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events, or otherwise.

(1) Special items consist of a restructuring charge of \$9.9 million (\$6.0 million after tax) and a non-cash impairment charge of \$2.8 million (\$1.7 million after tax). The restructuring charge includes the write-down of various assets of Child magazine of \$6.2 million, severance and benefit costs of \$3.4 million, and other accruals of \$0.3 million. The non-cash impairment charge reduced goodwill and other identifiable intangible assets of our broadcast station in Chattanooga, TN, to their fair value less cost to sell.

(2) An income tax benefit of \$9.4 million was recognized in the third quarter of fiscal 2007 related to the reversal of previously recorded taxes resulting from the resolution of a tax contingency related to a loss on the sale of stock in Craftways, a business sold in fiscal 2003. Recognition of the benefit was deferred until tax-related contingencies were resolved.

EBITDA

Consolidated EBITDA, which is reconciled to net earnings in the following tables, is defined as earnings before interest, taxes, depreciation, and amortization and does not include special items.

Segment EBITDA is a measure of segment earnings before depreciation and amortization.

Segment EBITDA margin is defined as segment EBITDA divided by segment revenues.
