

Meredith Corporation Delivers Record Fiscal 2017 First Quarter Results

Political and Digital Advertising Drive Strong Earnings Per Share Growth

Meredith Expects Fiscal 2017 Earnings Per Share to be Highest in Company History

DES MOINES, Iowa, Oct. 27, 2016 /PRNewswire/ -- Meredith Corporation (NYSE:MDP; meredith.com) — the leading media and marketing company with local television brands in large, fast-growing markets and national brands serving more than 100 million American women — today reported record fiscal 2017 first quarter earnings of \$0.75 per share, compared to \$0.24 in the prior-year period. Total company revenues increased 4 percent to a record \$400 million, and total advertising revenues increased 3 percent to \$226 million.

Excluding special items in the prior-year period, fiscal 2017 first quarter earnings per share grew 44 percent to \$0.75 from \$0.52. (See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)

"We're off to an excellent start in fiscal 2017, boosted by strong political advertising performance at our local television stations, along with double-digit growth in digital advertising revenues in both the national and local businesses," said Meredith Chairman and CEO Stephen M. Lacy.

Looking at Meredith's performance in the first quarter of fiscal 2017 compared to the prior year:

- **Local Media Group revenues increased more than 20 percent to \$153 million, while operating profit grew to \$51 million and EBITDA increased to \$60 million, all records for a fiscal first quarter.** Growth was led by strong political advertising and retransmission revenues.
- **Companywide digital advertising revenues grew 16 percent to a fiscal first quarter record.**
- **National Media Group total advertising revenues were down slightly, but were even on a comparable basis.** Digital advertising revenues represented nearly 30 percent of total National Media Group advertising revenues.
- **Consumer engagement expanded across Meredith's media platforms.** Magazine readership continues at an impressive 127 million. Traffic to Meredith's digital and mobile sites averaged 81 million unique visitors per month, an increase of 13 percent over the prior-year period. In addition, Meredith's television stations delivered a strong July rating book.

"Looking ahead, we continue to expect to generate record full-year earnings of \$3.50 to \$3.80 per share in fiscal 2017, including record second quarter earnings of between \$1.18 to \$1.23 per share," Lacy said. "Fiscal 2017 second quarter earnings growth is expected to be driven by a diverse range of business activities, including robust political advertising revenues, higher retransmission contribution and strong digital advertising growth across the Company."

For the first half of fiscal 2017, Meredith expects to generate political advertising revenues well within its previously stated range of \$40 million to \$50 million, with the final results expected to exceed the prior election cycle.

OPERATING GROUP DETAIL

LOCAL MEDIA GROUP

Meredith's Local Media Group includes 17 owned or operated television stations reaching 11 percent of U.S. households. Meredith's portfolio is concentrated in large, fast-growing markets, including seven stations in the nation's Top 25 markets and 13 in the Top 50. Meredith's stations produce nearly 700 hours of local news and entertainment content each week. Meredith expects to continue to grow its Local Media Group organically and through strategic acquisitions.

Fiscal 2017 first quarter Local Media Group operating profit grew more than 70 percent to \$51 million from \$29 million in the prior-year period. EBITDA grew more than 50 percent to \$60 million from \$39 million in the prior year. EBITDA margin was 39 percent. Revenues increased 21 percent to \$153 million. (See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)

Looking more closely at fiscal 2017 first quarter performance:

- Political advertising revenues were \$16 million, up 26 percent from the last political cycle in the first quarter of fiscal 2015. Political spending was particularly robust in the Las Vegas, St. Louis, Phoenix and Kansas City markets, primarily due to very competitive "down-ballot" races. These include elections for the U.S. Senate and House, gubernatorial races, and local contests. Consistent with past election cycles, Presidential election spending accounted for less than 15 percent of Meredith's political advertising revenue in the quarter.
- Non-political advertising revenues were \$84 million. Meredith experienced political crowd-out in certain markets, while strong advertiser demand for the Summer Olympic Games only benefited Meredith's single NBC affiliate in Nashville.
- Digital advertising revenues grew 22 percent compared to the prior-year period, as a series of growth strategies continues to drive higher digital sales across Meredith's station group.
- Other revenues and operating expenses increased compared to the prior-year period, due primarily to growth in retransmission revenues from cable and satellite television operators, partially offset by higher programming fees paid to affiliated networks.

Meredith delivered strong performance in the July 2016 rating book. Nine Meredith stations ranked number one or two in late news among adults ages 25-54, while seven were number one or two in morning news.

To further strengthen its competitive position, Meredith recently launched additional newscasts in the Atlanta, Phoenix, Portland, Nashville, Greenville, and Flint/Saginaw markets. More local programming deepens connections with local viewers and increases the quantity of higher-priced advertising inventory. Also, Meredith began implementing a local audience development initiative designed to increase Millennial audience engagement with its station brands on social and digital platforms.

NATIONAL MEDIA GROUP

Meredith's National Media Group reaches more than 100 million unduplicated American women, and three out of four U.S. Millennial women. Meredith is a leader in creating content across media platforms and life stages in key consumer interest areas such as food, home, parenthood and health. It also features robust brand licensing activities and innovative business-to-business marketing solutions provided by Meredith Xcelerated Marketing. Meredith expects to continue to grow its National Media Group organically and through strategic acquisitions.

Fiscal 2017 first quarter National Media Group operating profit was \$24 million and revenues were \$247 million. Looking more closely at National Media Group fiscal 2017 first quarter performance compared to the prior-year period:

- Total advertising revenues declined slightly to \$125 million, but were even on a comparable basis, which excludes *MORE* magazine.
- Digital advertising revenue rose 15 percent, and accounted for nearly 30 percent of total National Media Group advertising revenues. Growth was led by the Allrecipes, Parents and SHAPE brands.
- Meredith's share of total magazine advertising revenues increased to 12 percent from 10.5 percent, according to the most recent data from Publishers Information Bureau. The SHAPE, Rachael Ray Every Day and EatingWell brands posted strong performance. The prescription drug, food and direct response advertising categories were growth leaders.
- Total circulation revenues were \$69 million compared to \$72 million, however profit contribution increased. Newsstand revenues increased while subscription revenues declined, due primarily to the closure of *MORE* magazine and ongoing efforts to source magazine subscribers from Meredith's own database instead of external agent sources. This strategy increases circulation profit but lowers revenue over time. These factors affecting circulation performance are

expected to continue throughout fiscal 2017.

- Expenses declined 5 percent compared to the prior-year period, as Meredith continued to pursue operational efficiencies.

Meredith's National Media Group continues to extend its reach to American consumers and further diversify its revenue streams. For example:

- Meredith renewed its licensing agreement with Walmart which features more than 3,000 SKUs of Better Homes and Gardens branded products at over 4,000 Walmart stores and on Walmart.com.
- Meredith introduced several digital video programs based on its leading brands, and unveiled a new broadcast television series based on Allrecipes' Dinner Spinner app that reaches over 90 million U.S. households on the CW Network.
- Meredith launched *The Magnolia Journal*, a new quarterly lifestyle magazine from popular television personalities Chip and Joanna Gaines.
- Meredith launched new brand licensing programs including a line of frozen foods based on EatingWell; fitness apparel from SHAPE; and cooking utensils by Allrecipes.

OTHER FINANCIAL INFORMATION

Cash flow from operations grew to \$35 million in fiscal 2017 first quarter from \$3 million in the prior-year period. Total debt was \$697 million and the weighted average interest rate was 2.7 percent, with \$400 million effectively fixed at low rates. Meredith's debt-to-EBITDA ratio for the trailing 12 months was 2.1 to 1 (as defined in Meredith's credit agreements). All metrics are as of September 30, 2016.

Meredith continues to focus on its successful Total Shareholder Return strategy. Key elements include:

- An annualized dividend of \$1.98 per share that's yielding approximately 4 percent based on yesterday's closing price. Meredith has paid dividends for 69 consecutive years and increased them for 23 years straight.
- An ongoing share repurchase program with \$78 million remaining under current authorizations.
- Strategic investments to scale the business and increase shareholder value.

All earnings-per-share figures in the text of this release are diluted. Both basic and diluted earnings per share can be found in the attached Condensed Consolidated Statements of Earnings. All fiscal 2017 first quarter comparisons are against the comparable prior-year period unless otherwise stated.

OUTLOOK

Meredith continues to expect fiscal 2017 full-year earnings per share to range from \$3.50 to \$3.80.

Meredith expects fiscal 2017 second quarter earnings per share to range from \$1.18 to \$1.23, compared to \$0.72, or \$0.80 before special items, recorded in the prior-year period. (See Table 4 for supplemental disclosures regarding non-GAAP financial measures.)

Looking more closely at the second quarter of fiscal 2017 compared to the prior-year period, Meredith expects:

- Total Local Media Group revenues to be up approximately 25 percent. This increase includes expected political advertising revenues of between \$27 million and \$32 million, partially offset by weaker non-political advertising revenues.
- Total National Media Group revenues to be down in the low-single digits.
- Total Company revenues to be up in the mid- to high-single digits.

RATIONALE FOR USE AND ACCESS TO NON-GAAP RESULTS

Management uses and presents GAAP and non-GAAP results to evaluate and communicate its

performance. Non-GAAP measures should not be construed as alternatives to GAAP measures. EBITDA, adjusted EBITDA, EBITDA margin and adjusted EBITDA margin are common supplemental measures of performance used by investors and financial analysts. Management believes that EBITDA provides an additional analytical tool to clarify the Company's results from core operations and delineate underlying trends. Management does not use EBITDA as a measure of liquidity or funds available for management's discretionary use because it includes certain contractual and non-discretionary expenditures. Adjusted EBITDA is defined as EBITDA before special items.

Results excluding special items are supplemental non-GAAP financial measures. While these adjusted results are not a substitute for reported results under GAAP, management believes this information is useful as an aid in further understanding Meredith's current performance, performance trends and financial condition. Reconciliations of non-GAAP to GAAP measures are attached to this press release and available at meredith.com.
