

Better Homes & Gardens Announces Winners Of 2023 Clean House Awards

Editors Selected 41 Innovative, Eco-Friendly, and Top-Performing Products to Upgrade Your Home Cleaning Routine

NEW YORK, March 13, 2023 /[PRNewswire](#)/ -- Dotdash Meredith's Better Homes & Gardens today announces the winners of the third annual Clean House Awards, highlighting new and innovative products and tools that help make cleaning less of a chore. The Better Homes & Gardens 2023 Clean House Awards are featured [online](#) and in the April issue, available on newsstands March 17.

"Our Clean House Award winners are rigorously tested by our editors to find the most effective and powerful products and tools available on the market," said Better Homes & Gardens Editor in Chief Stephen Orr. "This year's lineup will help our audience make more informed choices so they can spend less time cleaning and more time enjoying their homes."

Better Homes & Gardens editors reviewed and tested new products that aim to revolutionize home cleaning. In addition to evaluating products for effectiveness, eco-friendly benefits, efficiency, and value, testing focused on common pain points, such as homes with multiple flooring surfaces, pet shedding and caring for sensitive fabrics. After testing over 100 products, tools, and devices, 41 products were selected as winners of the 2023 Clean House Awards.
